APPLICATIONS OPEN ALL YEAR

— INTERNSHIPS AT KAITU

Learn the work *from the inside.*

For students and early-career people curious about education, migration and careers across borders. Remote-friendly, across time zones.

01

Real projects

Supervised work that matters to real families: researching schools, universities and programmes, preparing and checking documents, and drafting notes for consultants.

02

A mentor

A member of the team who meets with you regularly, reviews your work and helps you set goals for your time with us.

03

Rotations

Time with more than one practice — admissions, residency and citizenship, and careers and business — so you see how a whole plan fits together.

04

A pathway to full-time

Interns who do excellent work may be considered for full-time roles through our usual process. We won't promise a future role — no one honestly can.
